C. Remarks

40. The guarding of non-military facilities of national importance will be determined by their strategic importance from an economic and military standpoint. The personnel assigned to this task will in all cases be the minimum necessary.
41. The task of guarding these facilities will be gradually handed over to the newly formed National Civil Police, as soon as the latter is in a position to take over these functions.
42. Both technical military personnel and guards will be assigned to relay stations, with the number of guards kept to the minimum necessary. During the informal cease-fire, the ONUSAL Chief Military Observer, in consultation with the Government, will establish a ceiling for the number of troops to be stationed at each relay station for the above reasons. A similar ceiling will be established for the El Roblar military base.
43. The Government of El Salvador will not concentrate troops or build military facilities at the navy posts listed in 37, 38 and 39.
44. The list of peacetime facilities does not take into account the possible outcome of the application of agreements on the armed forces.
45. The maintenance of a number of military bases in peacetime is justified by the need to protect El Salvador's borders, and the appropriate arrangements will be adopted for this purpose. Those peacetime facilities whose occupation during the CAC might arouse concern will not be occupied. In this connection, the ONUSAL Chief Military Observer may determine, in consultation with the parties, which peacetime facilities should not be occupied during the CAC period.

Annex E

Restoration of public administration in conflict zones

With the entry into force of the cease-fire, public administration shall gradually be restored in conflict zones, in accordance with the following principles:

- A. The full range of public services (such as water, electricity, telecommunications and roads) and other services provided by the State in such areas as agriculture, education and health shall be restored as soon as possible.
- B. Mayors who, because of the armed conflict, have performed their functions on an itinerant basis shall take up residence in their respective municipalities as soon as possible, in close consultation with ONUSAL, in order to strengthen the process of *détente* and reconciliation.
- C. The administration of justice shall be re-established in a manner appropriate to the purposes of this Agreement and, in particular, to the process of peace and reconciliation. Accordingly:
 - a. The administration of justice shall be re-established as soon as possible, in close consultation with ONUSAL, in order to strengthen the process of *détente* and reconciliation.
 - b. The Government shall take appropriate steps to ensure that the re-establishment of the administration of justice does not impair the effectiveness of the legislative or other measures adopted within the framework of this Agreement and of the peace and reconciliation process to guarantee members of FMLN the full exercise of their civil and political rights.

- D. The restoration of public administration shall not be detrimental to either the existence or the functioning of the non-governmental organizations of a cultural, economic or social nature that have been established in conflict zones. As part of the process of peace and reconciliation, appropriate channels between these organizations and the respective authorities shall be maintained, with the support of ONUSAL.

Annex F

Use of the mass media to promote reconciliation

For the purpose of assisting the process of *détente* and reconciliation:

- A. Once this Agreement is signed, the Government shall not jam FMLN radio stations.
- B. As from D-day, both Parties undertake to:
- a. Promote, through the various mass media at their disposal, a national publicity campaign in favour of the reunification and reconciliation of Salvadorian society.
 - b. Refrain from any propaganda or information policy that is inconsistent with this Agreement or with the process of *détente* and reconciliation.
- C. COPAZ shall monitor the above undertakings and shall transmit to the Parties any recommendations it deems relevant. It may also make suggestions for the participation of the various sectors of civilian society and, in particular, the mass media in the national reconciliation campaign.
- D. ONUSAL shall verify fulfilment of these undertakings.
